Activity basics

Type	Standard
Short name	NIA PDDRN-VNN
Contract party	Rijksdienst voor Ondernemend Nederland (30020020)
ODA	Yes
Amount EUR	15000000
Start date	01-11-2022
End date	31-10-2027
Full name	Design of the Program Sustainable Development of the Natural Resources: a strategic planification process to contribute to sustainable socio-economic
Summary	The Design of the Program Sustainable Development of the Natural Resources (PDDRN-VNN, 2022 – 2027) will elaborate the planification process to contribute to socio-economic development for the population in the Niger Valley in Niger while managing the natural resources in a sustainable way. The strategic planification process will be elaborated in line with the steps of the Strategic Environment Assessment (SEA) to define a shared, integral vision for the Niger valley for sustainable development and a development strategy to realize this vision. The strategic planification process will result in the PDDRN-VNN (2027 – 2050) with concrete objectives and expected results. During the development of the strategic planification process, non-regret projects will be financed. The implementation of the PDDRN-VNN (2027 - 2050) is not within the scope of this initiative. In 2021, the Dutch Embassy in Niger responded positively to the request of the Nigerien minister of Environment and the Fight against Desertification (MELCD) for financial and technical support to developing a strategic planification process for the Niger valley. The Embassy in Niger requested the Dutch Enterprise Agency (RVO) to support the Nigerien government and other stakeholders that are part of the natural resources management with the Design of the PDDRN-VNN. In March 2021, an Ad Hoc Comité de Pilotage (Arreté No 0072 MESU/DD/SG/DL of 09 March 2021) was created by the MELCD to elaborate the framework of this program together with the main stakeholders. The Comité de Pilotage (CdP) will be reformulated at the start of the planification process to ensure all relevant stakeholders are represented. The 1 July 2022, RVO handed in a two-part quotation: 1. The development of a proposal for the Design of the PDDRN-VNN; and 2. The implementation of the Design of the PDDRN-VNN. Both services will be executed in close collaboration with the MELCD and the members of the Ad Hoc Comité de Pilotage. RVO shared the two-part quotation on 1 July 2022.

Activity details

Date of receipt of proposal	01-01-2023
Proposal's reference number	
Budget holder	Ambassade Niamey (8221NIA)
Limit access	Yes
